

Java Download

gvSIG Mini for Java

Direct download from your phone

- You can download and install gvSIG Mini for Java directly from your phone's web browser via this web:
<http://m.gvsigmini.org>

Latest stable version gvSIG Mini for Java

- Java MIDP 2.0 signed application.
- Java MIDP 2.0 unsigned application.
- Java MIDP 2.0 application for Blackberry.

Which version should I download?

- Download [Java MIDP 2.0 signed application](#) if your phone allows third party signed applications. We sign gvSIG Mini using *VeriSign Java Object Signing (Class 3) Certificate*
- If your phone is no branded or has no security restrictions over Java applications you can try [Java MIDP 2.0 signed application \(only jar\)](#)
- If your phone does not allow third party signed applications try the [Java MIDP 2.0 unsigned application](#)
- For BlackBerries download [Java MIDP 2.0 application for Blackberry](#)
